**Investment Department**

Table of the Available Investment Opportunities in the State Companies for the  
Rehabilitation and Partnership Contracts 2019

<b>No.</b>	<b>Company name</b>	<b>No.</b>	<b>Opportunities will be announced</b>	<b>Type of opportunity</b>
1	The state company for rubber industries and tires (No. of opportunities: 5)	1	- Diywania tires factory	Rehabilitation and development
		2	- Rubber products factory/ Al-Najaf Al-Ashraf	Rehabilitation and development
		3	- Babylon tires factory/ Al-Najaf Al-Ashraf	Rehabilitation and development
		4	- Invest of land (sex land: vertical housing)/ Karbala	Investment
		5	- Invest of land in Al- Dawoodi area/ Baghdad	Investment
2	Ur state company (No. of opportunities: 3)	6	- Rehabilitation of cables factory	Rehabilitation and development
		7	- Rehabilitation of Aluminum factory	Rehabilitation and development
		8	- Project of intermediate pressure cables	Partnership
3	The state company for electric and electronic industries (No. of opportunities:27)	9	- Production and maintenance different electric and electronic devices for hous and industrial usage.	Partnership
		10	- Producing and maintenance different electric and electronic devices for medical usage	Partnership
		11	- Oxygen production (gas and liquid) for medical and industrial usage	Partnership
		12	- Producing and maintenance solar and electrical heaters	Partnership
		13	- Producing and maintenance irrigation systems (pumps and divers) of all types (traditional and solar powered)	Partnership
		14	- Production, installation and maintenance of photographic surveillance systems and electrical barrier	Partnership
		15	- Production, installation and maintenance of elevators and conveyer belts	Partnership
		16	- Production and rehabilitation of caravans (various dimensions)	Partnership

		17	- Production and maintenance of power plants working with solar power	Partnership
		18	- Production and maintenance of water purification plants with different capacities as well water purification plants working with solar power and RO technique	Partnership
		19	- Producing mechanical pore parts (such as: hums, gears, copper brushed ad other) for the electricity and oil ministries	Partnership
		20	- Production and rehabilitation of distribution transformers for the purpose of making use of the available abilities in the general company	Partnership
		21	- Rehabilitation of power plants for the purpose of making use of the available abilities in the general company	Partnership
		22	- Production and rehabilitation of various fans and air puller with different dimensions and capacities	Partnership
		23	- Production of air cooler motors	Partnership
		24	- Production of air cooler pumps as well home water pumps	Partnership
		25	- Production of home switches (plugs) with different types and capacities	Partnership
		26	- Production and maintenance of various air conditioners as well central air conditioners	Partnership
		27	- Production and maintenance of high tension components with range of capacity (5 Mw- 200 Kw)	Partnership
		28	- Production and maintenance of wire and wireless communication devices	Partnership
		29	- Producing plants of sewage water treatment	Partnership
		30	- Establishing a specialized laboratories for different products inspection	Partnership

		31	- Large display screens	Partnership
		32	- Producing safe plastic seals	Partnership
		33	- Producing area measurement stick	Partnership
		34	- Project of cables and aluminum wires	Partnership
		35	- Power distribution panels	Partnership
4	The state company for construction industries (No. of opportunities: 9)	36	- Baghdad bricks factory	Rehabilitation and development
		37	- Qadissiya brick factory	Rehabilitation and development
		38	- Abu Ghraib structures factory/2	Rehabilitation and development
		38	- Badush columns and stone factory	Rehabilitation and development
		40	- Abu Ghraib central blender (mixer)	Rehabilitation and development
		41	- Al- Butain location of producing crushed gravel/ Basra	Rehabilitation and development
		42	- Al-Ekhadur location of producing sands/ Karbala	Rehabilitation and development
		43	- Khon Alrubea location of sand filters/ Karbala	Rehabilitation and development
		44	- Abu Ghraib structures factory/1	Rehabilitation and development
5	Al Furat state company for chemical industries and pesticides (No. of opportunities: 3)	45	- Project of expansion of chlorine and soda factory	Partnership
		46	- Developing and renovation of concentrated sulfuric acid factory	Rehabilitation and development
		47	- Project of rehabilitation and operation of Al-Tarik factory for pesticides	Rehabilitation and development
6	The state company for mining industries (No. of opportunities: 3)	48	- The sodium carbonate project	Partnership
		49	- Chlorine production project	Partnership
		50	- Ferrosilicon production project	Partnership
7	The state company for glass and refractoriness (No. of opportunities: 9)	51	- Rehabilitation and operation of glass panels factory	Rehabilitation and development
		52	- Establishing and operation project of the glass jars and flacons (bottles) factory (175 ton/day)	Partnership
		53	- Rehabilitation and operation of medical flacons factory	Rehabilitation and development
		54	- Rehabilitation and operation off the wall tiles factory	Rehabilitation and development
		55	- Rehabilitation and operation of the floor tiles factory	Rehabilitation and development

		56	- Rehabilitation and operation of the toilet and ceramic tools factory	Rehabilitation and development
		57	- Rehabilitation and operation of the high alumina refractory bricks factory/ Faluja	Rehabilitation and development
		58	- Rehabilitation and operation of the refractory's factory/ Baghdad	Rehabilitation and development
		59	- Establishing and operation project of the flat glass factory (700 ton/ day)	Partnership
8	State company for food products (No. of opportunities: 6)	60	- Missan sugar factory	Rehabilitation and development
		61	- Starch and dextrin factory	Rehabilitation and development
		62	- Al- Farabi factory	Rehabilitation and development
		63	- Al- Mansour factory/ Baiji	Rehabilitation and development
		64	- Al- Ameen factory	Rehabilitation and development
		65	- Musel sugar and yeast factory	Rehabilitation and development
9	Diyala state company ( No. of opportunities:1)	66	- Fans Factory	Rehabilitation and development
10	The state company for petrochemical industries ( No. of opportunities: 5)	67	- Petrochemical factories: low and high ethylene production	Rehabilitation and development
		68	- Missan paper factory: production line of cement paper pockets	Rehabilitation and development
		69	- Establishing the chlorine production factory	Partnership
		70	- Basra paper factory	Rehabilitation and development
		71	- Schools equipment factory (schools notebooks, egg-dishes and waste paper pressing)/ Al- Taji	Rehabilitation and development
11	General directorate for industrial development (No. of opportunities: 5)	72	- Establishing an industrial city in Basra governorate	investment
		73	- Establishing an industrial city in ThiQar governorate	investment
		74	- Establishing an industrial city in Anbar governorate	investment
		75	- Establishing an industrial city in Ninava governorate	investment
		76	- Establishing an industrial city in Al- Najaf Al-Ashraf governorate	investment
12	The state company for drugs manufacturing and medical equipment/ Samarra (No. of opportunities: 5)	77	- Samarra factory	Rehabilitation and development
		78	- Baghdad factory	Rehabilitation and development
		79	- Veins solutions factory/ Ninava	Rehabilitation and development
		80	- Al- Yusufiya land	Partnership
		81	- Apartment complex/ Al- Musel	Partnership

13	The state company for communication and power equipments. (No. of opportunities: 11)	82	- Developing the electric pillars factory	Partnership
		83	- Developing the workshop for transformers maintenance	Partnership
		84	- Developing the plastic factory	Partnership
		85	- Developing the lighting (LED) factory	Partnership
		86	- Establishing the baryte and bentonite production factory	Partnership
		87	- Establishing power enhancement factory	Partnership
		88	- Establishing the factory of cathodic protection units	Partnership
		89	- Establishing the factory of surveillance cameras	Partnership
		90	- Establishing the factory of drilling mud production	Partnership
		91	- Establishing the factory of concentrated sulfuric acid production	Partnership
		92	- Establishing the factory of pure medical oxygen production	Partnership
14	AL Faris general company (No. of opportunities: 5)	93	- Systems of water treatment (sewage and industrial water) and RO system.	Partnership
		94	- Rehabilitation of heavy and moderate mechanical operation machines.	Rehabilitation and development
		95	- Producing heavy engineering machinery including heat exchangers, boilers, oil tanks and compressed vessels	Partnership
		96	- Galvanization project	Partnership
		97	- Precast project	Partnership
15	The state company for copper and mechanical industries (No. of opportunities: 8)	98	- Establishing production line for 8 mm copper rods using (FHRC) technology on the copper scrap	Partnership
		99	- Establishing production line for thermal purification. and electromechanical purification using copper scrap produced from Al- Shaheed factories	Partnership
		100	- Establishing production line for ammo cups using slides produced from rolling line.	Partnership
		101	- Construction of a project for the production (BRC) and	Partnership

		102	containers of dirt for protection purposes - Construction of a fence protection project for highways	Partnership
		103	- Rehabilitation and development of Al- Shuhdaa factory for producing artillery, multiple rocket launcher and mortar	Rehabilitation and development
		104	- Rehabilitation and development of Ibn Al-Haytham factory for optics.	Rehabilitation and development
		105	- Rehabilitation and development of Al- Amer factory for mechanical operation.	Rehabilitation and development
16	The state company for iron and steel . (No.of opportunities: 3)	106	- establishing iron and steel complex.	Partnership
		107	- Pipes extrusion factory.	Partnership
		108	- Sponge iron factory.	Partnership
17	The state company of hydraulic industries (No.of opportunities: 22)	109	- Establishing production line and assembling aerial and hydraulic connections as well lubrication systems	Partnership
		110	- Smart parks project	Partnership
		111	- Recycling production equipment project and waste treatment	Partnership
		112	- Project of training, matching and inspection	Partnership
		113	- Assembling and producing hydraulic lift equipment	Partnership
		114	- Project of engineering workshop for rehabilitation and maintenance of electricity production turbines	Partnership
		115	- Project of producing sandwich panel sheets	Partnership
		116	- Project of specialized workshop for cleaning the oil tanks	Partnership
		117	- Workshop for maintenance of eastern military machinery	Partnership
		118	- Establishing the factory of compressed air and liquid gas equipment: pumping, injection and transportation	Partnership
		119	- Workshop for maintenance of western military machinery	Partnership

		120	- Project of producing magnetized water equipment	Partnership
		121	- Project of production line of barbed wire fences	Partnership
		122	- Workshop for manufacturing and shielding caravans	Partnership
		123	- Project of manufacturing axial irrigation systems	Partnership
		124	- Manufacturing water meter and valves	Partnership
		125	- Assembling pumps (all types)	Partnership
		126	- Project of water treatment plants	Partnership
		127	- Manufacturing, assembling and rehabilitation the equipment of oil and water drilling	Partnership
		128	- Project of establishing vessels (all types)	Partnership
		129	- Project of producing hydraulic piston	Partnership
		130	- Project of producing equipment for construction industries	Partnership
18	The state company of steel industries (No.of opportunities: 10)	131	- Heavy casting project	Partnership
		132	- Free forging project	Partnership
		133	- Closed forging project	Partnership
		134	- Revolved forging project	Partnership
		135	- Project of producing steel structure and bridge girders	Partnership
		136	- Project of producing air filters for power plants	Partnership
		137	- Developing bridge cranes production	Partnership
		138	- Traffic signs and road belongings rehabilitation development project	Partnership
		139	- Developing electricity transmission towers production	Partnership
		140	- Developing specific casting foundry production	Partnership
19	Al Zawraa state company (No.of opportunities :14)	141	- Manufacturing and assembling mobile sub-stations	Partnership
		142	- Manufacturing and assembling immobile sub-station	Partnership
		143	- Manufacturing and assembling smart electronic meters (all types)	Partnership

		144	- Project of assembling electricity meters	Partnership
		145	- Project of producing connections linkage the ends of cables	Partnership
		146	- Developing high voltage motors factory	Partnership
		147	- Project of manufacturing plastic seals as well mechanical works	Partnership
		148	- Project of producing packed drinking water and floored sparkling water	Partnership
		149	- Project of manufacturing and assembling solar energy panels (several capacities)	Partnership
		150	- Assembling pumps (all types)	Partnership
		151	- Manufacturing and assembling electrical kiosks	Partnership
		152	- Assembling medium voltage systems	Partnership
		153	- Manufacturing and assembling control- programming system	Partnership
		154	- Rehabilitation and assembling electrical transformers	Partnership
20	Ibnmajed state company (No.of opportunities: 1)	155	- Investment opportunity to rehabilitate the company.	Rehabilitation and development
21	The iraqi State company for cement (No.of opportunities: 3)	156	- Al najaf Al- Ashraf cement factory	Rehabilitation and development
		157	- Paper pockets factory / Al- Kufa	Rehabilitation and development
		158	- Paper pockets factory / Badush	Rehabilitation and development
22	State company for fertilizers industry (No.of opportunities: 2)	159	- Establishing fertilizers factory near Khor Al- Zubair factory	Partnership
		160	- Establishing fertilizer factory near Abu- Alkhaseeb factory	Partnership
23	State company for phosphate (No.of opportunities: 1)	161	- Factories of state company	Rehabilitation and development
24	State company for design and projects implementation (No.of opportunities: 3)	162	- Establishing vertical house complex	Partnership
		163	- Precast concrete factories	Partnership
		164	- Precast factories	Partnership
25	State company for automotive & equipments industry (No.of opportunities: 1)	165	- Rehabilitation and developing foundry for producing 6000 ton of pure lead by recycling dead batteries	Rehabilitation and development

26	State company for inspection and engineering rehabilitation (No.of opportunities: 11)	166	- Rehabilitation and inspection of power plants (generation and distribution) as well establishing inspection line for transformers (all types)	Partnership
		167	- Establishing site laboratories for inspection and rehabilitation as well power generation by solar energy and supply of water for damaged regions by establishing RO plants	Partnership
		168	- Establishing specialized laboratories and centers in Baghdad and other overrates and boarder entries	Partnership
		169	- Establishing a laboratory for weapons, ammo, shooting and detection systems	Partnership
		170	- Establishing a workshop (or factory) for producing badges of honor and medals	Partnership
		171	- Establishing, rehabilitation and operation of production lines as well preparation of technology ways for any product and for all sectors (general, private and contribution)	Partnership
		172	- Establishing a completed laboratory for fixing devices (medical and radiographic) with approval certification	Partnership
		173	- Early alarms and fire fighting systems in addition to surveillance cameras and activity sensors by harmless gases\	Partnership
		174	- Production, establishing, erection, rehabilitation and maintenance of elevators and electrical stairs in addition to smart cars parking	Partnership
		175	- Establishing national system for stage reference project (GPS and GIS system)	Partnership

		176	- Establishing a completed specialized laboratory for electronic and electrical devices inspection which coming from boarder entries		Partnership
27	Mishraq sulphur state company ( No. of opportunities: 2)	177	- Rehabilitation of granular purifying sulphur production line		Rehabilitation and development
		178	- Establishing a factory of alum production from kaolin ores		Partnership
28	The state company for textile and leather industries ( No. of opportunities:16)	179	- Packaging project	Cotton factory	Rehabilitation and development
		180	- Production of bed mattress project		Rehabilitation and development
		181	- Al- Taji factory	Wool factory	Rehabilitation and development
		182	- Yarns factory		Rehabilitation and development
		183	- Al Fatih factory		Rehabilitation and development
		184	- Production line of leather residues and wastages	Leather factory	Rehabilitation and development
		185	- Production line of poly urethane (pu)		Rehabilitation and development
		186	- Production line of packing		Rehabilitation and development
		187	- Production line of modern bags		Rehabilitation and development
		188	- Bartla sewing factory	Ready made garments factory /musel	Rehabilitation and development
		189	- Production line of towels		Rehabilitation and development
		190	- Continuous yarns factory	Textile factory /Hilla	Rehabilitation and development
		191	- Production line of military fabrics	Textile factory /Diwaniya	Rehabilitation and development
		192	- Rehabilitation of completing section	Textile and weaving factory /Wasit	Rehabilitation and development
193	- Project of opened bleaching line	Rehabilitation and development			
194	- Production line of carpets	Textile factory /Nasriya	Rehabilitation and development
